

# Webtrekk Suite: Optimized User Management

With this release, you get an optimized user management in your Webtrekk Suite.

The screenshot shows the 'Users' management page in the Webtrekk Suite. The top navigation bar includes 'ANALYTICS', 'SEGMENT MANAGER', 'MARKETING', 'TAG INTEGRATION', and 'DATA STREAMS'. The user 'Le Ngoc Duong' is logged in. The left sidebar has 'USERS' selected. The main content area is titled 'Users' and contains a description: 'Users represent individual logins for the Webtrekk Suite. User permissions are specified by roles in the next section. Create and update users from this page or reset their passwords.' There are two buttons: 'Import Users' and 'Create new user'. Below is a search bar and a table with 5 rows of user data. The table has columns: Username, Name, E-Mail, Roles, Status, and Actions. The 'Actions' column contains icons for edit and delete. At the bottom, there is a 'Create new user' button.

Username ↑	Name	E-Mail	Roles	Status	Actions
webtrekk_suite.admin	Anna Blume	anna.blume@webtrekk.com	Admin, safetag.webtrekk.admin, Data Privacy Compliance Manager	<input checked="" type="checkbox"/>	
webtrekk_suite.amart	Bert Martinovic	bert.martinovic@webtrekk.com	Admin, Webtrekk Global Account	<input type="checkbox"/>	
webtrekk_suite.charlotte	Peter Hausmann	peter.hausmann@webtrekk.com	Admin, Data Privacy Compliance Manager	<input checked="" type="checkbox"/>	
webtrekk_suite.dana	Martin Müller	martin.mueller@webtrekk.com	Admin, Data Privacy Compliance Manager	<input type="checkbox"/>	
webtrekk_suite.dmart	Diego Martinez	diego.martinez@webtrekk.com	Analytics + DMP	<input checked="" type="checkbox"/>	

Example: User Management in the Webtrekk Suite

We've redesigned the User Experience to allow you to intuitively and quickly create, manage, and modify users, roles, categories, and filters.

The screenshot shows the 'Create a new user' form. The top navigation bar is the same as in the previous screenshot. The left sidebar has 'USERS' selected. The main content area is titled 'Create a new user'. It has a dropdown menu for 'Basic user information' which is expanded. The form fields are: First Name\*, Last Name\*, Login\* (with a prefix 'webtrekk\_suite.'), E-Mail\*, Language (dropdown set to 'English'), and Number format (dropdown set to '1.234.567,89'). Below this is a section for 'Password Management' with a note: 'An email with a password setup link will be sent to the user.' The 'Password expires' field has radio buttons for 'never' (selected) and 'after' (with a value of '0' days). At the bottom, there are 'Cancel' and 'Save user' buttons.

Example: The new design and revised structure of the user interface

For example, it is now possible to reset a user's password directly from the user overview. For each user entry, there is the corresponding editing option "Reset user password."

## Users

Users represent individual logins for the Webtrekk Suite. User permissions are specified by roles in the next section. Create and update users from this page or reset their passwords.
